Remark® Office OMR

## The Innovative Solution to Your Data Entry Needs!

RemarkSoftware.com

Remark Office OMR. If you can read it, we can read it! Since 1991, Remark's superior OMR software has powered countless data collection processes for schools, universities, businesses, non-profits, governments, hospitals, and anyone else that needs to collect and analyze data from paper forms.

Make
Create your own forms.

Scan
Use virtually any scanner.

Analyze
Generate detailed reports instantly.

For Any Occasion
Our users have found thousands of applications including surveys, tests, assessments, evaluations, ballots, time sheets, registrations, safety observations, and many more.

Eliminate Manual Data Entry
Remark Office OMR collects data from your own unique "fill-in-the-bubble" forms using almost any image scanner. Process tens to tens of thousands of forms.

Built-in Analysis and Reports
Take advantage of the built-in analysis reports, or export collected data to a variety of popular file formats including Excel, SPSS, CSV, and many more.

- **Main Features**
  - Recognizes OMR marks (bubbles/checkboxes/shapes), barcodes, and machine printed text (OCR).
  - Image capture for handwritten open ended responses.
  - Handles cross-outs, multiple marks, damaged forms, and other anomalies.
  - Respondents can fill out your forms with pen, pencil, marker, etc.
  - Built-in detailed analysis and reports.

- **Key Benefits**
  - Works with plain paper— no special ink or paper required.
  - Works with a wide variety of common scanners, no special hardware required.
  - Easily export raw data to popular formats such as Excel, CSV, TXT, and many more.
  - Reads image files (TIFF, JPG, PDF, PNG) created by copiers, other scanners, and scanning apps.
  - Full-featured reporting capabilities.
  - Industry-leading customer support team.
