

Remark Classic OMR helps you collect data from tests, surveys, or other forms. The software virtually eliminates manual data entry and errors in your data. It easily works with pre-printed forms utilizing an OMR scanner and a PC. Remark Classic OMR is perfectly suited for educational institutions, government agencies, marketing research firms, and many other industries and users on any level.

- 1 Use pre-printed forms from Scantron®, Apperson™, and Chatsworth
- 2 Scan with your OMR scanners from Scantron, Sekonic®, DATAWIN, and Apperson
- 3 Analyze your data or export to the application of your choice!

Eliminate Manual Data Entry

Remark Classic OMR combines the reliability you expect from OMR technology with the convenience of PC data analysis. Apply real time processing to your tests, assessments, surveys, and other forms. As your forms are scanned, you can capture the data instantly and view it on your computer screen. You can count

Built-in Analysis and Reports

Remark Classic OMR contains Remark Quick Stats®, a powerful analysis component, used to analyze your data and effortlessly produce professional reports and graphs. All reports can be exported to various formats, including PDF. For easy sharing, reports can also be emailed, so that findings can be viewed and discussed quickly and efficiently.

Collect and Analyze Data from Pre-Printed Paper Forms

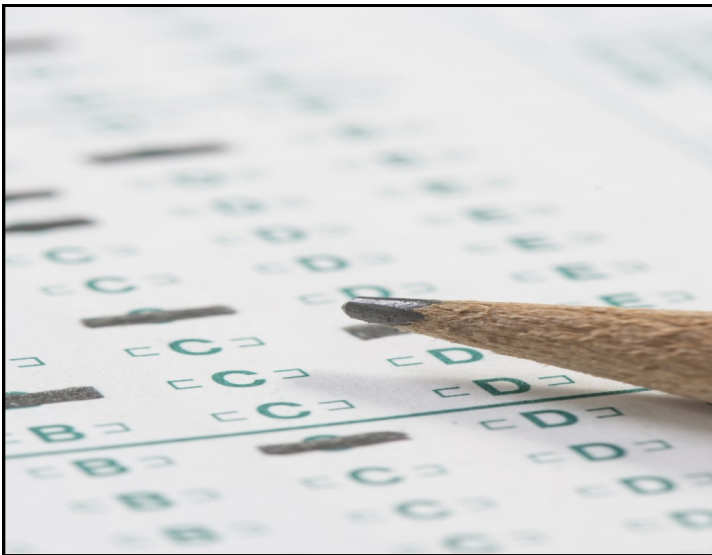

Main Features

- Exceptional mark recognition (OMR)
- Supports barcode readers and transport printers from Scantron and Sekonic OMR scanners
- Processes double-sided and multi-page forms
- Supports batch header sheets
