

Remark® Web Survey

Remark Web Survey is a flexible online survey solution that allows for easy design, distribution and collection of data from forms on your own website. This unique online survey tool simplifies the creation of web based forms. Its flexibility and functionality provide complete control over survey content and resulting data. Use Remark Web Survey to create, host and post surveys, evaluations, questionnaires, customer feedback, registrations, market research and many other online forms!

- ✓ No Monthly Fees
- ✓ Unlimited Surveys & Respondents
- ✓ No Third Party Sites
- ✓ You Control Your Data

• Full Featured Form Designer

User-friendly interface provides the tools to design and administer web forms, then analyze the resulting data. Anyone can create a web form, no special skills required. This fully featured form designer makes creating professional web based forms simple and easy. For a broader reach and to maximize your response rate, try combining online and paper surveys using Remark Web Survey along with Remark Office OMR® or Remark Classic OMR®. Remark Office OMR and Remark Classic OMR users can convert their existing paper forms to web forms with a click of a button.

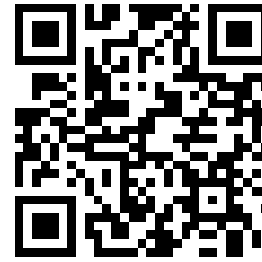

• Built-in Analysis and Reports

Remark Web Survey automatically downloads/retrieves data and contains Remark Quick Stats®, a powerful analysis component, used to analyze your data and effortlessly produce professional reports and graphs. Software also includes Remark Live Stats®, which allows you to instantly view your data in real-time. Data can be exported to a variety of formats such as Excel, SQL, CSV, SPSS®. For easy sharing, all reports can be exported to various formats, including PDF, so that results can be viewed and discussed efficiently.

Your Design. Your Branding. Your Website

Main Features

- Automatic form upload and data download
- Question branching (skip patterns)
- Answer piping (include respondents' data in other questions and text)
- Query parameters (pass hidden information into data dynamically without respondent interaction)
- Exports data to various formats (Excel, SQL, CSV, SPSS and many more)
- Compatible with Linux/Unix or Windows based web servers
- Email survey invitations and reminders
- Built-in analysis and reports
- Review real-time responses with Remark Live Stats®

Key Benefits

- Create multi-page web forms with customized formatting styles to match the look of any site
- Enhance web forms by adding multimedia (audio, video)
- Schedule in advance when web forms should be published
- Respondents can review their responses before submitting form
- Allow respondents to pause and resume the web form
- Apply password protection and session timeouts
- Track respondents or keep them anonymous
- Convert Remark Office OMR® or Remark Classic OMR® paper forms to web forms (works in conjunction with Remark Web Survey to distribute the same web and paper forms, and then merge data for overall analysis)
