

# Remark Office OMR 11.3

New Features and Enhancements

September 2023

★ indicates customer request

## Features and Enhancements:

- ★ **Enhanced Barcode Support:** We upgraded our barcode support to assist with barcode recognition based on customer feedback and real-world forms.

## Fixes:

- ★ **Custom Header Error:** We fixed a "Remark Office OMR has stopped working" error when creating a custom report header in a report's style.
- Student Pretest Posttest Report Issue:** We fixed an error running the Student Pretest Posttest report when it was within a report batch.
